Attention: Mr. R. R. Alworth

Gentlemen:

Pursuant to your letter of August 13, 1963, this is to advise that your Federal Fopeano Well No. 4 located in Unit P of Section 26, T-20-S, R-37-E, Eumont Pool, will remain classified as an oil well. However, I would like to point out that during the months of April, May and June of 1963 this well produced with a ratio in excess of 100,000 to 1. Also, during the year of 1962 the ratio averaged over 100,000 to 1. Therefore, if this well is to remain classified as an oil well, I would suggest that it be produced as such.

Yours very truly,

OIL CONSERVATION COMMISSION
