Re: Request for Non-standard
Proration Gas Unit

Gentlemen:

In accordance with Order B-520 the undersigned hereby requests a non-standard unit consisting of 160 acres in Lea County, New Mexico, as follows:

1. The complete legal description of acres included in the proposed unit: NE 1/4, Section 29, Township 20 South, Range 36 East, Lea County, New Mexico, containing 160 acres.
2. J. Don Hudgens, Inc., ^{Sims-} State #1 (formerly drilled as Southern Petroleum Exploration, Inc. - Two States Oil Company - State #1; plugged and abandoned June 27, 1955) completed gas well is located 1980' from the east line and 660' from the north line of Section 29.
3. Plat is attached showing acreage to be included in the unit and all off-set lease ownership.
4. It is the intention of the operator to produce the gas well from the Seven Rivers formation as a non-standard gas unit comprising 160 acres in the Seven Rivers gas pool.
5. According to structural contours on top of the Seven Rivers gas zone it is expected that all of the acreage in the unit is gas productive.
6. Copies of this request for non-standard proration gas unit have been mailed to all of the off-set operators as listed below.

INSTRUCTIONS

1. Is this gas well a dual completion? Yes _____ No. X.
2. If the answer to Question 1 is Yes, are there any other dually completed wells within the dedicated acreage?
Yes _____ No. _____.

A separate plat must be filed for each gas well, outlining the area dedicated to such well and showing the location of all other wells (oil and gas) within the outlined area.

Mail in duplicate to the district office for the district in which the well is located.
