Gentlemen:

I hereby request that the Oil Conservation Commission grant an exception to the No-Flare Order N-553 as it pertains to the Miller State #1 well which is located 2310' from South line and 330' from Eastline Section 29-285-36E.

The gas volume is too small to measure and the closest gathering line for low pressure gas is one quarter of a mile.

We will appreciate you granting our request in view of the information submitted.

Yours very truly,
