

October 28, 1958

- 107 4 11 0 27
- (2) The non-standard proration unit lies wholly within a single governmental section.
 - (3) The entire non-standard gas proration unit may reasonably be presumed to be productive of gas.
 - (4) Neither the length nor the width of the proposed unit exceeds 5280 feet.
 - (5) All Operators, so far as is known to Applicant, that own acreage within the section offsetting this non-standard unit are indicated on Exhibit "A" and are shown on Exhibit "B" attached hereto and such operators have been furnished a copy of this application by Registered Mail with a request that they forward their approval of this non-standard gas proration unit directly to the Commission in order to expedite approval.
 - (6) The acreage comprising this proposed non-standard proration unit shall be dedicated to the well known as Aztec's State E-33 #2 well.

WHEREFOR, Aztec Oil & Gas Company respectfully requests:

1. That the Secretary-Director of the Commission by administrative approval grant an exception to Rule 2 of Order No. R-520, without notice and hearing, approving the Non-Standard Location set forth under "I" above; and,

2. That the Secretary-Director of the Commission by administrative approval grant an exception to Rule 5(a) of Order No. R-520, without notice and hearing, approving the Non-Standard Gas Proration Unit set forth under "II" above.

Yours very truly,

AZTEC OIL & GAS COMPANY
