Gentlemen:

The Atlantic Refining Company respectfully requests administrative approval under provisions of Rule 5 (b) of NMOCC Order No. R-520 for a non-standard gas proration unit for its Seale (Federal) No. 2 Well, located 1983.3' from the south line and 1983' from the west line of Section 34, T-20S, R-36E, Eumont Pool, Lea County, New Mexico. The proposed non-standard gas proration unit is to consist of 80 acres comprising the N/2 SW/4 of the above described section. Upon approval of this non-standard unit, it is requested that the New Mexico Oil Conservation Commission Administrative Order NSP-208, dated November 30, 1955, be cancelled.

3. A plat is attached hereto showing the proposed 80-acre non-standard gas proration unit, the location of the Atlantic Seale (Federal) No. 2 Well, and the location of offset wells.
