

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or its agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Place

March 24th 1938.

Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the _____

GULF OIL CORPORATION
GYPSY DIVISION **R.R.Bell "F" Lease** Well No. _____ in **West half**
Company or Operator Lease
of Sec. **36**, T. **20**, R. **36**, N. M. P. M., **Eunice** Field,
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

Authority is requested to place seven wells on our R.R.Bell "F" lease, located in the west half of Section 36-20-36, in a central tank batter.

At the present time we have six wells producing. Wells #1, 2, 3 and 4 are going into one battery, and Nos. 5 and 6 into the second. However, both batteries are located in line but disconnected. At the present time #7 is drilling and by placing all seven wells together we will be able to make a saving in tank storage of approximately \$1,500. We have at the present time sufficient facilities and storage to take care of any testing which is to be done for each well. Separators and headers are so located that these tests may be made. All wells are located on the same basic property, the royalty on which is owned by the state.

DUPLICATE

Approved MAR 26 1938, 19_____
