Lea County, New Mexico

Gentlemen:

By reference from the Hobbs office of the Oil Conservation Commission we are in receipt of five copies of the typewritten log for the subject well on O.C.C. Form C-105. Also, we received one copy of said form which you mailed direct to us.

The log is hereby accepted in lieu of our Form 9-330. The two surplus copies are returned herewith.

For future wells drilled on Federal land, please furnish us the log in quadruplicate on our Form 9-330 in accordance with Item 5 of the sheet of general requirements, copy enclosed, which was attached to our December 4, 1956, letter to your Midland office approving the drilling operations. Also, please note under Item 5 that we require two copies of all electric logs as soon as such copies are available. Your cooperation will be appreciated.

Very truly yours,

H. A. DuPont  
District Engineer
