Director

RE: NSP-85
Texaco Producing Inc.'s
New Mexico "C" State NCT-6
E/2 Sec. 6, T-19-S, R-37-E
Lea County, New Mexico

Texaco Producing Inc. recently drilled and completed Well No. 2 on the referenced lease. It was proposed to be a gas well and share the established 324 acre proration unit with Well No. 1. Due to a low GOR Well No. 2 has been classified as an oil well and has 40 acres (SE/4 SE/4) dedicated to it. We request that NSP-85 be revised by deleting the acreage dedicated to Well No. 2 thereby making it 284 acres (NE/4, N/2 SE/4, SW/4 SE/4 of Sec. 6, T-19-s, R-37-E). Form C-102 showing the acreage dedicated to Well No. 1 is attached for your information.

If more information is required in this matter, please contact this office.

Yours very truly,

L. D. Ridenour
Engineer's Assistant
