

February 10, 1956

- (4) The proposed non-standard gas proration unit will meet the requirements of Rule 5(b) of the Oil Conservation Commission Order No. R-520 as follows:
- (a) Contiguous quarter-quarter sections will comprise the unit.
  - (b) The proposed unit lies wholly within a single governmental section.
  - (c) All acreage within the proposed unit may reasonably be presumed productive of gas.
  - (d) The length or width of the proposed unit does not exceed 5,280 feet.
  - (e) By copy of this letter of Application, all operators owning interests in the section in which the proposed unit is located and all operators within 1,500 feet of the proposed unit well, are notified by registered mail of the intent of Gulf Oil Corporation to form the proposed non-standard gas proration unit. (See attached affidavit.)

In view of the existence of the facts herein stated and compliance with the provisions of Rule 5(b) of the Oil Conservation Commission's Order No. R-520, Gulf Oil Corporation requests that the Secretary of the Commission approve the above described non-standard gas proration unit.

Respectfully submitted,

GULF OIL CORPORATION

Continental Oil Company

The proposed non-standard gas promotion unit will meet the requirements of Rule 5(d) of the Oil Conservation Commission Order No. 8-527 as follows:

(a) The proposed unit will contain the unit.

(b) The proposed unit is a unit of gas.

(c) All acreage within the proposed unit may reasonably be presumed productive of gas.

(d) The unit is a unit of gas.

(e) By copy of this letter of Application, all operators owning interests in the section in which the proposed unit is located and all operators within 1,000 feet of the proposed unit well, are notified by registered mail of the intent of Gulf Oil Corporation to form the proposed non-standard gas promotion unit. (See attached affidavit.)

In view of the existence of the above facts, and compliance with the provisions of Rule 5(d) of the Oil Conservation Commission's Order No. 8-527, Gulf Oil Corporation requests that the Secretary of the Commission approve the above described non-standard gas promotion unit.

Respectfully submitted,

Very truly yours,

Division Production Manager
