Attention: Denise Wann
Sr. Petroleum Engineer

Administrative Order NSP-1-A

Dear Ms. Wann:

Reference is made to your application dated October 28, 1991 to dedicate your State "G" Well No. 2 located at a standard gas well location 1980 feet from the South line and 660 feet from the West line (Unit L) of Section 18, Township 19 South, Range 37 East, NMPM, Eumont Gas Pool, Lea County, New Mexico, to a previously established 80-acre non-standard gas spacing and proration unit comprising the W/2 SW/4 of said Section 18.

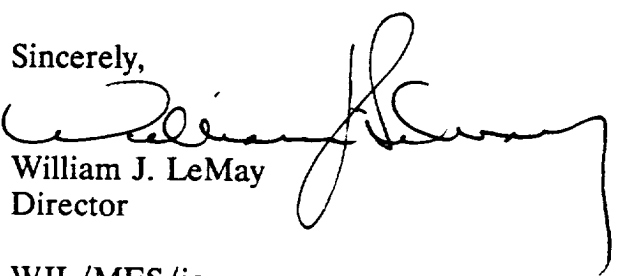

By Division Administrative Order NSP-1, dated August 17, 1954, the above-described non-standard unit was authorized and dedicated to the State "G" Well No. 1 located in Unit M of said Section 18.

It is our understanding that the Eumont zone was abandoned in 1981 to allow for efficient rod pumping of the Eunice - Monument Grayburg San Andres Pool.

By authority granted me under the provisions of Rule 2(a)4 of the Special Rules and Regulations for the Eumont Gas Pool, you are hereby authorized to continue operating the above-described acreage as a non-standard gas proration unit under the rules appropriate to said pool.

Further Said Administrative Order NSP-1 is hereby placed in abeyance until further notice.

Sincerely,

William J. LeMay
Director
