

N MEXICO OIL CONSERVATION COMMISSION
Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF	X	REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL

Title

ANNUAL REPORT OF THE BUREAU OF PLANT INDUSTRY

The Bureau of Plant Industry, United States Department of Agriculture, was organized on July 1, 1905, by the transfer of the plant industry functions of the United States Department of the Interior to the United States Department of Agriculture. The Bureau has since that time been engaged in the study and investigation of the plant life of the United States, and in the dissemination of information regarding the same.

The following is a summary of the work of the Bureau during the year 1906.

The Bureau has been engaged in the study and investigation of the plant life of the United States, and in the dissemination of information regarding the same. The work of the Bureau has been divided into three main branches: (1) the study and investigation of the plant life of the United States, (2) the study and investigation of the plant life of the foreign countries, and (3) the dissemination of information regarding the plant life of the United States and the foreign countries.

The work of the Bureau has been divided into three main branches: (1) the study and investigation of the plant life of the United States, (2) the study and investigation of the plant life of the foreign countries, and (3) the dissemination of information regarding the plant life of the United States and the foreign countries.
