

## NEW MEXICO OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

## MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Date

OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico

Gentlemen:

Following is a notice of intention to do certain work as described below at the.....

Southern Union Gas Company Burke Well No. 2 in SEA, NEA  
Company or Operator Lease  
of Sec. 28 T. 193 R. 37E N. M. P. M. Monument Field.  
Lea County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

We cemented a string of 15.5# 5½" casing at depth of 3600' with 100 sacks on November 2, 1950. Plug was pumped down at 5:00 A.M. A temperature traverse was run within 24 hours after cement job had been completed and it was found that cement had returned behind the 5½" casing to a depth of approximately 2900'.

Total depth of hole at time 5½" casing was run was 3810'. A shoulder, however, had been left at 3600' and casing was landed on this shoulder.

We are moving in Cable tools today and will bail the hole dry and test the cement job before we drill plug. We will then drill plug and clean the hole of all Rotary mud and test the well further for gas showings.

Approved Nov 17 1950, 19.....
