CITIES SERVICE OIL COMPANY
Box 97
Hobbs, New Mexico

December 19, 1955

Oil Conservation Commission
State of New Mexico
Box 871
Santa Fe, New Mexico

Gentlemen:

Re: Cities Service State E #5, Sec. 30-19S-
37E, Eumont Gas Pool, Lea County, New Mexico

It is respectfully requested that the Conservation Commission approve our application for an unorthodox location, and a 160 acre non-standard gas proration unit for subject well.

The State "E" No. 5 is located 1504' from the west line, 1020' from the south line of Section 30-19S-37E, and is to be completed as a Eumont Gas well.

An exception to Rule 2, Order R-520 is requested since this well is less than 330' from quarter/quarter section lines. It was necessary to move this location from 1650' from west line, 990' from south line due to the proximity of a Permian Basin gas pipeline.

An exception to Rule 5(a) Order R-520 is requested in order to assign the State "E" No. 5 a 160 acre non-standard gas proration unit. This non-standard gas proration unit consists of contiguous quarter/quarter sections within a single governmental section, and the entire area may reasonably be presumed to be productive of gas.

The attached plat indicates the acreage to be assigned to this well, and the offset ownership.

All operators owning interests in Section 30, and within 1980' of the State "E" No. 5, have been furnished copies of this request by registered mail.

Very truly yours,

CITIES SERVICE OIL COMPANY

By John D. Albright
