Dear Mr. Haas:

Your letter of October 4, 1989 requested authority to produce your J. R. Phillips "A" #1 well in the Eumont Gas Pool at a rate not to exceed 250 Mcf per month until the well is less than six times overproduced. Although your letter did not specifically so state, it is assumed that your lease contains no shut in royalty clause.

Under the assumption described above, you are hereby authorized to produce the well each month at no more than 250 Mcf each month until the well is within legal overproduction limits.

Sincerely,

A handwritten signature in cursive script, appearing to read "V. T. Lyon".

VICTOR T. LYON,
Deputy Director
