

MEXICO OIL CONSERVATION COMMISSION  
Santa Fe, New Mexico

### MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

# THEORY OF THE EARTH

## CHAPTER I. OF THE ORIGIN OF THE EARTH.

The first question which presents itself to the mind is, what was the origin of the earth? and the answer to this question is, that it was created by the power of God, out of nothing, at the beginning of time.

### SECTION I. OF THE CREATION OF THE EARTH.

It is a common notion, that the earth was created out of nothing, at the beginning of time. But this is a mistake. The earth was created out of matter, which was created by God, at the beginning of time. The matter was created in a state of confusion, and God created the earth out of it, by the power of his word.

- The first day of the creation was the day when God created the light.

Gen. i. 5. And there was evening, and there was morning, the first day.

On the second day, God created the firmament, which is the sky. On the third day, God created the land, and the sea, and all the living creatures that move upon the earth. On the fourth day, God created the sun, the moon, and the stars. On the fifth day, God created the birds of the air, and the fish of the sea. On the sixth day, God created man.

- The seventh day was the day when God rested from his work.

Gen. ii. 2. And on the seventh day God ended his work which he had made: and he rested on the seventh day from all his work which he had made.

- The eighth day was the day when God created the world.

The ninth day was the day when God created the world. The tenth day was the day when God created the world. The eleventh day was the day when God created the world.

The twelfth day was the day when God created the world. The thirteenth day was the day when God created the world. The fourteenth day was the day when God created the world.

The fifteenth day was the day when God created the world. The sixteenth day was the day when God created the world. The seventeenth day was the day when God created the world.

The eighteenth day was the day when God created the world. The nineteenth day was the day when God created the world. The twentieth day was the day when God created the world.

- The twenty-first day was the day when God created the world.

The twenty-second day was the day when God created the world. The twenty-third day was the day when God created the world. The twenty-fourth day was the day when God created the world.

The twenty-fifth day was the day when God created the world. The twenty-sixth day was the day when God created the world. The twenty-seventh day was the day when God created the world.

The twenty-eighth day was the day when God created the world. The twenty-ninth day was the day when God created the world. The thirtieth day was the day when God created the world.
