

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or its agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

THE UNIVERSITY OF CHICAGO

DEPARTMENT OF CHEMISTRY

The Department of Chemistry is pleased to announce the appointment of Dr. [Name] as an Assistant Professor of Chemistry. Dr. [Name] received her Ph.D. from the University of California, Berkeley, in 1998, and completed her postdoctoral fellowship at the University of Texas at Austin. She will be joining the faculty in the fall of 2001.

Dr. [Name] is currently an Assistant Professor of Chemistry at the University of Texas at Austin. She is also a member of the Texas Center for Superconductivity. Her research interests are in the synthesis and properties of new materials, particularly in the area of superconductivity. She has published several papers in the field and is currently working on a number of projects. She is also a member of the American Chemical Society and the American Physical Society.
