

# NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF	<b>X</b>	REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL

# THE UNIVERSITY OF CHICAGO

## DEPARTMENT OF CHEMISTRY

The Department of Chemistry at the University of Chicago is one of the largest and most distinguished in the United States. It is located in the heart of the city, in the University City area, and is surrounded by some of the finest architecture in the world. The department has a long and illustrious history, and has produced many of the most famous chemists in the world. It is a place where the best minds in chemistry come to work and learn, and where the most important discoveries in the field are made.

### Undergraduate Programs

The Department of Chemistry offers a wide range of undergraduate programs, including the Bachelor of Science in Chemistry, the Bachelor of Arts in Chemistry, and the Bachelor of Science in Chemical Engineering. Each program is designed to provide students with a strong foundation in chemistry, and to prepare them for careers in industry, research, or graduate school.

The Bachelor of Science in Chemistry program is a four-year program that requires students to complete a minimum of 120 credit hours, including 40 hours of chemistry courses. The program is designed to provide students with a strong foundation in chemistry, and to prepare them for careers in industry, research, or graduate school.

The Bachelor of Arts in Chemistry program is a four-year program that requires students to complete a minimum of 120 credit hours, including 40 hours of chemistry courses. The program is designed to provide students with a strong foundation in chemistry, and to prepare them for careers in industry, research, or graduate school.

The Bachelor of Science in Chemical Engineering program is a four-year program that requires students to complete a minimum of 120 credit hours, including 40 hours of chemistry courses. The program is designed to provide students with a strong foundation in chemistry, and to prepare them for careers in industry, research, or graduate school.

The Department of Chemistry also offers a variety of honors programs, including the Honors Program in Chemistry, the Honors Program in Chemical Engineering, and the Honors Program in Biochemistry. These programs are designed to provide students with a more rigorous and challenging education, and to prepare them for careers in industry, research, or graduate school.

The Department of Chemistry is a place where the best minds in chemistry come to work and learn, and where the most important discoveries in the field are made. It is a place where students can receive the best possible education, and where they can prepare themselves for the challenges of the future.
