Title _____

THEORY OF THE EARTH

CHAPTER I. OF THE ORIGIN OF THE EARTH.

The first question which presents itself to the mind is, what was the origin of the earth? and the answer to this question is, that it was created by the power of God, and that it was created out of nothing.

• The second question which presents itself to the mind is, what was the state of the earth at the first? and the answer to this question is, that it was in a state of confusion and darkness.

• The third question which presents itself to the mind is, what was the first day of the earth? and the answer to this question is, that it was the first day of the week.

• The fourth question which presents itself to the mind is, what was the first year of the earth? and the answer to this question is, that it was the first year of the world.

• The fifth question which presents itself to the mind is, what was the first month of the earth? and the answer to this question is, that it was the first month of the year.

• The sixth question which presents itself to the mind is, what was the first day of the month? and the answer to this question is, that it was the first day of the month.

• The seventh question which presents itself to the mind is, what was the first hour of the day? and the answer to this question is, that it was the first hour of the day.

• The eighth question which presents itself to the mind is, what was the first minute of the hour? and the answer to this question is, that it was the first minute of the hour.

• The ninth question which presents itself to the mind is, what was the first second of the minute? and the answer to this question is, that it was the first second of the minute.

• The tenth question which presents itself to the mind is, what was the first third of the second? and the answer to this question is, that it was the first third of the second.

• The eleventh question which presents itself to the mind is, what was the first fourth of the third? and the answer to this question is, that it was the first fourth of the third.

• The twelfth question which presents itself to the mind is, what was the first fifth of the fourth? and the answer to this question is, that it was the first fifth of the fourth.

• The thirteenth question which presents itself to the mind is, what was the first sixth of the fifth? and the answer to this question is, that it was the first sixth of the fifth.

• The fourteenth question which presents itself to the mind is, what was the first seventh of the sixth? and the answer to this question is, that it was the first seventh of the sixth.

• The fifteenth question which presents itself to the mind is, what was the first eighth of the seventh? and the answer to this question is, that it was the first eighth of the seventh.

• The sixteenth question which presents itself to the mind is, what was the first ninth of the eighth? and the answer to this question is, that it was the first ninth of the eighth.

• The seventeenth question which presents itself to the mind is, what was the first tenth of the ninth? and the answer to this question is, that it was the first tenth of the ninth.

• The eighteenth question which presents itself to the mind is, what was the first eleventh of the tenth? and the answer to this question is, that it was the first eleventh of the tenth.
