Re: Reclassification of Well -- Eumont Pool
J. H. Williams A #2-M
Sec. 34, T19S, R37E

Gentlemen:

Due to the recently submitted gas/oil ratio test the above-referenced well will be reclassified as a gas well in the Eumont Pool effective July 1, 1990, and the oil allowable cancelled that date.

If for some reason you feel this test does not reflect the proper classification of this well, please submit another test for our consideration by May 7, 1990.

If the well is to be reclassified to gas, please file a revised Form C-102, acreage dedication plat, outlining acreage to be dedicated to this gas well. Also, gas well gas must be separately metered and if the transporter changes due to reclassification, please file Form C-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION
