Re: Application of 160 acre non-standard gas proration unit, W.K.  
Byrom - J. H. Williams A No. 2, SW $\frac{1}{4}$  Sec. 34-T19S-R37E, Eumont  
Gas Pool, Lea County, New Mexico.

Gentlemen:

W. K. Byrom respectfully requests administrative approval for the formation of a 160 acre non-standard gas proration unit and unorthodox location. Our J. H. Williams A No. 2 was an existing Grayburg oil well (that was temporarily abandoned) located 330 feet from the South line and 330 feet from the West line of Section 34-T19S-R37E, Lea County, New Mexico, in the Eumont Gas Pool. We have recompleted this well in the Queens sand formation; and in support of this request states:

1. The proposed non-standard unit consists of SW $\frac{1}{4}$  of Section 34-T19S-R37E.
2. This unit consist of 160 acres which lies wholly within a single section.
3. The unit is productive of gas.
4. Copies of this application have been submitted to offset operators.

In view of these facts, it is requested that the Commission enter an order approving the unorthodox location and the non-standard gas proration unit for W. K. Byrom J. H. Williams A No. 2 as described above.

Very truly yours,

W. K. BYROM

Leon C. Thompson
