

Morth Section Sectio	re hereby notified that it is our intention to commence the (Drilling) (Recompetion) of a well to be known as Sinclar Cll & Gas Corpany (Company or Operator)
State Lea 373 Company or Operator) State Lea 373 Company or Operator) State Lea 373 Company or Operator) Well No.	The hereby notified that it is our intention to commence the (Drilling) (Company of Operator) (Company of Operator) Company of Operator) Company of Operator) Recompletion Reserve Reserv
State Les 373 (Company or Operator) Well No. (Lease) Horth (Unit) (Lease) Horth (Unit) (Lease) Horth (Unit) (Ine and 1980 feet Sine of Section. 35 T. 198 R. 375 NMPM. (VE LOCATION FROM SECTION LINE) Front If State Land the Oil and Gas Lease is No. If patented land the owner is. Address. We propose to drill well with drilling equipment as follows: Rotary M N O P We intend to complete this well in the Fenrose Pay Casea formation at an approximate depth of. CASING PROGRAM We propose to use the following strings of Casing and to cement them as indicated:	Company or Operator) CLease)
State Lea 377 CLease Rorth G60 feet from the line and 1980 feet Fast Sine of Section. 35 , T. 198 IVE LOCATION FROM SECTION LINE) Pool, If State Land the Oil and Gas Lease is No. If patented land the owner is. Address. We propose to drill well with drilling equipment as follows: Rotter M N O P We intend to complete this well in the formation at an approximate depth of. CASING PROGRAM We propose to use the following strings of Casing and to cement them as indicated:	The we defect from the series of Section series is not series in the status of plugging bond is. Carrent
The status of plugging bond is. L K J I Drilling Contractor M N O P We intend to complete this well in the formation at an approximate depth of. CASING PROGRAM We propose to use the following strings of Casing and to cement them as indicated:	Case North Section
VE LOCATION FROM SECTION LINE) If State Land the Oil and Gas Lease is No If patented land the owner is Address	Pool, Compose to use the following strings of Casing and to cement them as indicated: Compose to use the following strings of Casing and to cement them as indicated: Compose to Median State Land the Oil and Gas Lease is No If patented land the owner is Address We propose to drill well with drilling equipment as follows: Rotary We propose to drill well with drilling equipment as follows: Rotary We propose to drill well with drilling equipment as follows: Rotary We propose to drill well with drilling equipment as follows: Rotary We intend to complete this well in the Penrose Pay Queen formation at an approximate depth of Casing Program Casing Program Sacks Cement New or Second Hand Depth Sacks Cement
VE LOCATION FROM SECTION LINE) If State Land the Oil and Gas Lease is No	Pool, Compose to use the following strings of Casing and to cement them as indicated: Compose to use the following strings of Casing and to cement them as indicated: Compose to Median State Land the Oil and Gas Lease is No If patented land the owner is Address We propose to drill well with drilling equipment as follows: Rotary We propose to drill well with drilling equipment as follows: Rotary We propose to drill well with drilling equipment as follows: Rotary We propose to drill well with drilling equipment as follows: Rotary We intend to complete this well in the Penrose Pay Queen formation at an approximate depth of Casing Program Casing Program Sacks Cement New or Second Hand Depth Sacks Cement
If State Land the Oil and Gas Lease is No	If State Land the Oil and Gas Lease is No
D C B A Address We propose to drill well with drilling equipment as follows: Rotary We propose to drill well with drilling equipment as follows: Rotary We propose to drill well with drilling equipment as follows: B The status of plugging bond is Drilling Contractor Me intend to complete this well in the formation at an approximate depth of CASING PROGRAM We propose to use the following strings of Casing and to cement them as indicated:	F G H The status of plugging bond is K J I Drilling Contractor N O P We intend to complete this well in the CASING PROGRAM Toropose to use the following strings of Casing and to cement them as indicated: E of Hole Size of Casing Weight per Foot New or Second Hand Depth Sacks Cement 325 325 336
We propose to drill well with drilling equipment as follows: Retary We propose to drill well with drilling equipment as follows: Retary He follows: Retary We propose to drill well with drilling equipment as follows: Retary We propose to drill well with drilling equipment as follows: Retary We propose to drill well with drilling equipment as follows: Retary We propose to drill well with drilling equipment as follows: Retary We propose to drill well with drilling equipment as follows: Retary We propose to drill well with drilling equipment as follows: Retary We propose to drill well with drilling equipment as follows: Retary We propose to drill well with drilling equipment as follows: Retary	We propose to drill well with drilling equipment as follows: F
