

NEW MEXICO OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Place

April 12, 1950

Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Amerada Petroleum Corporation L. J. Lambert Well No. 1 in NE/4 of NE/4
Company or Operator Lease
of Sec. 6, T. 20, R. 37, N. M. P. M., Monument Field.
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

T.D. 3890', Plug-back Depth 3875', 6-5/8" OD Casing set at 3800'

Because of a high Water-Oil Ratio on this well, which we believe is due to a faulty plastic plug, it is our intention to drill out the plug to 3890' (T.D.) and re-run a cement plug from 3890' to 3849'. A dump bailer will be used to spot the cement plug. If production tests proves satisfactory, the well will be placed back on production.
