13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Doyle Hartman respectfully requests this well be temporarily abandoned for (1) one year. We plan to re-complete this well as a Eumont gas well. Due to the low price of oil and gas, we are unable to economically justify the re-completion until product prices improve. This is a usable wellbore for re-completion. Listed below are wells in the area that we have successfully re-completed.
