Mr. J. D. Hunter,
State Oil & Gas Inspector,
Carlsbad, New Mexico.

Dear Sir:

Inclosed please find, in triplicate, copy of Form SG-101, Notice of Intention to Drill New Well No. 2, on our Alaska Cooper lease, Monument Field, Lea County, New Mexico.

It was necessary for us to submit the report in this form as our supply of Form SG-101 is completely exhausted and we hope that same will be acceptable to you. We have a letter in our files, dated August 29, 1935, in which we requested a supply of these forms, but to date we have not received same. We would appreciate your sending us a supply at your earliest convenience.

Very truly yours,
