Gentlemen:

I am returning herewith form SG-101, "Notice of Intention to Drill New Well" for your Alaska Cooper Well #2, in Sec. 7, T. 20 S., R. 37 E., as, you no doubt know, the minimum surface pipe requirement for this area is 250 feet.

Under separate cover I am sending you a supply of forms of the Oil Conservation Commission to be used in connection with drilling wells in New Mexico.

This is your temporary authority to proceed with the drilling of your Alaska Cooper Well #2, providing you meet with the surface pipe requirements.

Please submit your Notice of Intention to Drill New Well on form C-101 in quadruplet at an early date.

Very truly yours,

FJV:t
