17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

On October 30, 1974, the New Mexico Oil Conservation Commission approved temporarily abandonment of this well until October 1, 1975. The well was temporarily abandoned since production had declined to .3 barrels of oil, no gas, and 655 barrels water per day and was uneconomical to operate. Present plans are to work over this well in the fourth quarter of 1976 and return well to producing status. Skelly Oil Company respectfully requests that a one year extension to temporarily abandon this well be granted as per New Mexico Oil Conservation Commission Order No. R-5019.

Expires 10-1-76
