INVESTIGATION REPORT

The following report was prepared by the State Comptroller in response to a request from the State Board of Education for information regarding the financial condition of the State Board of Education for the year ending June 30, 1911.

The report is based on the records of the State Board of Education.

The report is divided into two parts: a statement of the assets and liabilities of the State Board of Education, and a statement of the income and expenditures of the State Board of Education.

The assets of the State Board of Education consist of cash, investments, and real estate. The liabilities consist of accounts payable, accounts receivable, and other liabilities.

The income of the State Board of Education is derived from the State Treasury, and the expenditures are for the maintenance of the State Board of Education.

The report shows that the State Board of Education has a surplus of \$100,000 at the end of the year.

The report also shows that the State Board of Education has a deficit of \$50,000 at the end of the year.

The report is based on the records of the State Board of Education, and is subject to audit.

The report is prepared by the State Comptroller, and is subject to review by the State Board of Education.
