

STANOLIND OIL AND GAS COMPANY

Hobbs, New Mexico
June 28, 1935

Mr. F. J. Vesely
State Oil and Gas Inspector
Carlsbad, New Mexico

Dear Sir:

In checking our miscellaneous notices and reports to the State Geologist, covering Byers Well #26, we wish to advise you of the following discrepancies:

On Miscellaneous report dated June 12th, covering 2000 gallons acid treatment, we show that well was treated on July 9th, 1935, and it should be June 9th, 1935. On company test we show the well made 35 barrels the first hour, and it should be 55 barrels the first hour.

On Form SG-105, dated June 13th, 1935, giving Notice of Intention to Treat with 6,000 gallons of acid, well number is shown as #3 and should be #26.

We are submitting herewith corrected copies for your approval.

Yours very truly,

LLH:H

T. E. Keefer

MISSCELLANEOUS REPORTS ON WELLS

Indicate nature of report by checking below:

_____ Routine
 _____ Significant
 _____ Critical

1. The first part of the document is a list of names and addresses, which are arranged in a columnar format. The names are written in a cursive script, and the addresses are written in a more formal, printed style. The list includes names such as "John Doe", "Jane Smith", and "Robert Johnson", along with their respective addresses.

2. The second part of the document is a series of handwritten notes and signatures. These notes are written in a cursive script, and the signatures are written in a more formal, printed style. The notes include information such as "Received", "Paid", and "Returned", along with the names of the individuals who wrote them.

3. The third part of the document is a series of printed text blocks. These blocks contain information such as "The following is a list of the names of the individuals who have been named in the above list", "The following is a list of the names of the individuals who have been named in the above list", and "The following is a list of the names of the individuals who have been named in the above list".
