

OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

Title

The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

Furthermore, it highlights the need for regular audits and reviews to identify any discrepancies or areas for improvement. This process should be conducted by an independent body to ensure objectivity.

The second part of the document outlines the specific procedures for recording and reporting financial data. It details the required formats, timelines, and the roles of various departments involved in the process.

It also addresses the importance of data security and confidentiality, ensuring that all information is protected from unauthorized access and misuse. This includes implementing robust IT security measures.

The document concludes by reiterating the commitment to high standards of integrity and ethical conduct. It encourages all staff members to adhere to these principles in their daily work.

In addition, it provides a list of key contacts and resources for further information and support. This includes the names and roles of senior management and relevant departments.

The final section discusses the ongoing nature of these processes and the importance of continuous improvement. It suggests that the organization should regularly evaluate its systems and procedures to stay up-to-date with best practices.

Overall, the document serves as a comprehensive guide for all stakeholders, ensuring that everyone is aligned with the organization's goals and values. It is a testament to the organization's dedication to excellence and transparency.
