17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Oil production from this well has declined to 29 BOPD and water increased to 151 BWPD. We propose to set a hydromite plug in open hole from 4078' to 4065' in an attempt to reduce water production. Treat open hole 3968-4065' w/250 gallons 15% HCl acid to increase oil production.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
