

NEW MEXICO STATE LAND OFFICE
SANTA FE, NEW MEXICO

DEPARTMENT OF THE STATE GEOLOGIST
SANTA FE

NOTICE OF INTENTION TO ABANDON WELL

Notice must be given at least five days before work is to begin to the State Geologist or to the proper Oil and Gas Inspector. It is desirable that a representative of the Department of the State Geologist witness the plugging of wells being abandoned whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to the sender. Submit this notice in duplicate.

Hobbs, N. Mex., Feb. 12, 1930

Mr. R. L. Halley

Santa Fe, New Mexico.

Dear Sir:

You are hereby notified that it is our intention to abandon Wright Well
No. 6 in SW 1/4 of Sec. 14 of Sec. _____, T. 19S, R. 38E,
N. M. P. M., Hobbs Oil Field, Lea County.
We plan to commence work on Feb. 17, 1930.

The reasons for wishing to abandon the well are as follows: **The well has been drilled into bottom water. There were no showings of oil with this water or above this water with the exception of a small showing from 4220' to 4238'.**

The present condition of the well is as follows: **The present condition of the well is good. There is approximately 3500' of water in the well at the present time. But this has not affected the condition of the well as to caving or other trouble.**

The work which we propose to do in abandoning the well is as follows: **We will first bridge the well above the bottom water and place ten sacks of cement above this bridge. We will then salvage as much of the 8 5/8" and 10 3/4" casing as is possible. The well will then be filled with heavy mud and a suitable plug put in at the top. We will not attempt to pull the 15 1/2" casing as it is cemented practically to the top.**

Approved 2/15 30 1930

Except as follows:

R. L. Halley
State Geologist or Oil and Gas Inspector.

Sincerely yours,

The Midwest Refining Company

Company or Operator.
