Repollo Oil Co.,
Box 156,
Hobbs, New Mexico

Att.: Mr. Penn.

Dear Sir:

In reply to your letter of Jan. 10th in regard to permission to plug your company's J. L. Crump #2 well. I discussed this case with Dr. Wells in Santa Fe last week. His decision was that we cannot approve the plugging and abandonment of a commercial well.

If your company will get a release signed by each and every royalty owner under this well and then make a test on it in the presence of a representative of the Hobbs Exploration Office and the writer and if at that time it proves to be non-commercial we can approve the abandonment of the well. Until this is done we cannot approve your request.

Very truly yours,

J. D. Hunter,
State Oil & Gas Inspector.

Copy: Mr. Surrentt, sink.
