Sir:

We are contemplating plugging
our J. L. Crump Well #2 Section 15, Township 17-S
Range 38-E, Lea County New Mexico.

Will you please advise manner
in which this should be done, also what reports
and forms should be made out on this to the State.

Dear Sir:

In reply to your letter of the 2nd Re:
Plugging your J. L. Crump Well #2, Sec. 15, T.
19 S., R. 38 E. in the Hobbs Pool.

Our records shows this well to still
be a commercial well and agreeable to the rules
and regulations of the State Geologist we cannot
approve the plugging and abandonment of a com-
mercial well.

I am taking this matter up with Dr.
Wells, the state geologist and as soon as I have
an answer from him I will advise you.

Very truly yours,

J. D. Hunter,
State Oil & Gas Inspector.
