Gentlemen:

Our records reflect that although you were given verbal permission on August 7, 1958 to plug and abandon your Etz No. 1 in Unit C of Section 6, T-19-S, R-39-E, Form C-103 has not been filed showing that the work has been done.

Your attention is directed to Rule 202, Paragraph C, of the New Mexico Oil Conservation Commission Rules and Regulations which states that when drilling operations have been suspended for 60 days, the well shall be plugged unless a permit for temporary abandonment is obtained from the Commission.

Yours very truly,

OIL CONSERVATION COMMISSION
