		OTHER Seal 12 1/2" surface pipe with outlet <input checked="" type="checkbox"/>	
		to allow pressure measurements.	

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

6-24-86 Cleaned out cellar and discovered 9 5/8" int. csg. clamped and setting on 12 1/2" surface csg. stub. Ram 13 ft of 1/2" standard API line pipe (1" would not go) through one side of clamp into 12 1/2"-9 5/8" annulus and extended pipe out of cellar above G.L. Sealed both small openings to annulus through the clamp and built forms around csg. & clamp. Cemented line pipe in place sealing the annulus so surface csg. pressure readings may be taken as needed.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
