

# SHELL OIL COMPANY

WESTERN DIVISION  
P. O. BOX 1509  
MIDLAND, TEXAS 79701

August 8, 1966

New Mexico Oil Conservation Commission  
Hobbs, New Mexico

Attention: Mr. Les Clemens

Gentlemen:

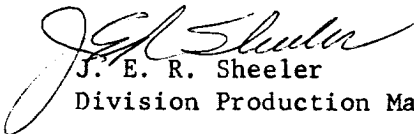

The cellar on our State "H" well No. 1 in the Monument Field, Lea County, was filled in to facilitate installation of beam pumping equipment. Mr. Clemens of your office witnessed the condition of the well head prior to the operation.

A cable tool clamp was installed on the surface-intermediate casing annulus. This annulus had been cemented prior to completion. The bradenhead is above ground level so no riser will be required in the cellar.

If further information is required please contact us.

Yours very truly,

WTO:CW

  
J. E. R. Sheeler  
Division Production Manager
