Gentlemen:

A notice was sent to you on January 31, 1956 concerning the flaring of gas on your State A-2 "A" #1 in Unit P of Section 2-20-37, Eumont Pool. We have checked the file on this well and do not find either a C-110 showing a gas connection, or an application for a "No-Flare" Order, although this was due on April 8th. Please look into this matter and let us know if an application has been made, or file Form C-110 showing a connection at your very earliest convenience.

Yours very truly,

OIL CONSERVATION COMMISSION
