## N 3SION Santa Fe, New Mexico

## MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL  REPORT ON PULLING OR OTHERWISE REPORT ON DEEPENING WELL  REPORT ON PULLING OR OTHERWISE  REPORT ON PULLING OR OTHERWISE  REPORT ON DEEPENING WELL  REPORT ON DEEPENING	Indicate nature				
DEPORT ON RESULT OF PLUGGING OF WELL  The place of the work done and the results obtained under the heading noted above at the plugging is a report on the work done and the results obtained under the heading noted above at the star of the work was in the company of operator of the work was a star of the work was a star of the work was a submitted on Form C-102 on April 28, 19 38 and approval of the proposed plan was furnished. (Gross out incorrect words.)  DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED  7" OD casing was set and comented at 5797 feet. Tested for water shut-off with pressure of 1200 pounds for period of 30 minutes. Test satisfactory as pressure did not drop more than 120 pounds during this period.  Subscribed and sworn to before me this.  I herefy awear of aftern that information given above is true and corpect.  Name    I herefy awear of aftern that information given above is true and corpect.
