

NEW MEXICO STATE LAND OFFICE
SANTA FE, NEW MEXICO

DEPARTMENT OF THE STATE GEOLOGIST
SANTA FE

NOTICE OF INTENTION TO ABANDON WELL

Notice must be given at least five days before work is to begin to the State Geologist or to the proper Oil and Gas Inspector. It is desirable that a representative of the Department of the State Geologist witness the plugging of wells being abandoned whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to the sender. Submit this notice in duplicate.

Mr. O. G. Staley, N. Mex., Dec. 11, 1929
Santa Fe, New Mexico.

Dear Sir:

You are hereby notified that it is our intention to abandon O. B. Terry Well
No. 1 in W₁ NE₁ of Sec. 22 of Sec. 22, T. 19S, R. 30E
N. M. P. M., Hobbs District Oil Field, Lea County.
We plan to commence work on November 30, 1929.

The reasons for wishing to abandon the well are as follows: **This well was drilled to 4238 with only one small show of oil at 4207 to 4218. The well was completed in sand from 4235 to 4238 from which formation we get a hole full of sulphur water.**

Dry Hole

The present condition of the well is as follows:

Well is now plugging back. Plugged back 5 ft. with lead wool and got a water shut off. Cemented with 25 sacks of standard cement. Shot the 6 $\frac{1}{2}$ " casing at 2700 and are pulling this casing as of this date. Will attempt to shoot the 6 $\frac{1}{2}$ " casing at the same depth.

The work which we propose to do in abandoning the well is as follows:

**Plug back 5 ft. with lead wool.
Cement with 25 sacks standard cement which will cement hole back up into 6 $\frac{1}{2}$ casg.
Shoot and pull 6 $\frac{1}{2}$ ", 8 $\frac{1}{2}$ ", and 12 $\frac{1}{2}$ " casing.
Leave 121 ft. of 20" surface casing in hole.
Fill hole to top with mud.
Abandon.**

Approved

Dec 16 1929

Except as follows:

R. L. Halsey
State Geologist or Oil and Gas Inspector.

Sincerely yours,

SHELL PETROLEUM CORP.

Company or Operator.
