Dear Mr. Hunter:

Several weeks ago we received two letters from the E. M. Woodard Investment Company regarding the bond of the Walker Oil Corporation. Copies of these letters are enclosed.

On May 15th I wrote to this company stating that I was taking up the matter with you and would write them a little later as to what we could do. Unfortunately, I failed to write you as I planned.

Under the circumstances it seems to me that we can consistently approve a smaller bond if it covers specifically only these two wells. Please give me your thoughts in this connection at the earliest possible date.

Very truly yours,

E. H. Wells,  
State Geologist.
