Re: Bond--Walker Oil Corporation

Dear Sir:

The Walker Oil Corporation, of this city, has had on file in your office a bond guaranteeing the drilling, plugging and operating of oil wells in your state, and this bond has formerly been in the amount of \$10,000.00.

This company has, at present, only one or two wells in Lea County and will not drill any additional wells during the next year, and we are wondering if you will allow them to reduce the amount of their bond as required by your office.

Will you please advise us in regard to this matter at your early convenience, and we will ask you also to kindly send us a copy of the bond required and we will forward the bond to take care of the present bond which expires on the 15th of this month.

Thanking you in advance for your consideration, we are

Yours very truly,
