17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well is a dual oil (Weir-Blinebry) and (Monument Tubb) well. As production for the Blinebry zone had declined to 1 bbl. of oil per day and was not profitable to operate, the Blinebry zone was temporarily abandoned 5-8-70. Present plans are to recondition this well in the first quarter of 1975 and return to an active status.
