(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

This is the information you requested when I visited with you
~~about~~ About treating our wells with ~~condensate~~ Condensate to
Help keep our tubular string clean of paraffin.

the Gravity of the oil at 60° is 37.2
the Gravity of the condensate at 60° is 48.7
the 50/50 cut at 60° is 40.6

Please Accept this Proposal as it would help us in the
field to keep our wells pumping longer and more
efficiently.

14. I hereby certify that the foregoing is true and correct.

Signed

William H. HART
