Attention: Mr. A. R. Stall

Gentlemen:

Great Western has staked the location to drill the captioned wells at the locations so specified. The surface is owned by Cornelia Barakofsky who lives on the land. We have contacted her and left a damage settlement form with our draft pertaining to both locations. She has a brother named Manfred Barakofsky who was to be asked about the settlement on the evening that we contacted her, which was November 15, 1979. She was agreeable to the damages and indicated that as soon as she checked with her brother she would send the settlement form to us. As of this date we have not heard from her, however, we shall continue to try to get them and get the surface damage settlement resolved.

A visual inspection revealed that there are no crops on this land and once we have completed our wells the locations will be cleaned and leveled in the reasonable and customary manner.

Yours very truly,

GREAT WESTERN DRILLING COMPANY

  
W. T. Cowan
