WARNING

Incidents of Noncompliance correction and reporting time frames begin upon receipt of this Notice or 7 business days after the date it is mailed, whichever is earlier. Each violation must be corrected within the prescribed time from receipt of this Notice and reported to the Bureau of Land Management office at the address shown above. Please note that you already may have been assessed for noncompliance (see amount under "Assessment for Noncompliance"). If you do not comply as noted above under "Corrective Action To Be Completed By," you may incur an additional assessment under (43 CFR 3163.1) and may also incur Civil Penalties (43 CFR 3163.2). All self-certified corrections must be postmarked no later than the next business day after the prescribed time for correction.

Section 109(d)(1) of the Federal Oil and Gas Royalty Management Act of 1982, as implemented by the applicable provisions of the operating regulations at Title 43 CFR 3163.2(f)(1), provides that any person who "knowingly or willfully" prepares, maintains, or submits false, inaccurate, or misleading reports, notices, affidavits, records, data, or other written information required by this part shall be liable for a civil penalty of up to \$25,000 per violation for each day such violation continues, not to exceed a maximum of 20 days.

REVIEW AND APPEAL RIGHTS

A person contesting a violation shall request a State Director review of the Incidents of Noncompliance. This request must be filed within 20 working days of receipt of the Incidents of Noncompliance with the appropriate State Director (see 43 CFR 3165.3). The State Director review decision may be appealed to the Interior Board of Lands Appeals, 4015 Wilson Blvd., Arlington, VA 22203 (see 43 CFR 3165.4). Contact the above listed Bureau of Land Management office for further information.

Re: Off lease measurement of gas  
South Teas Federal lease  
Bone Springs (Sand)  
Lease No.: NM-29704  
Sec. 23, T 20S R 33E  
Lea Co., NM

Dear Sir:

The purpose of this letter is to request approval of the off-lease measurement of gas from the above lease. The lease contains one well.

The gas from this lease is measured initially by the company's meter on lease. It is then transported through a polyethylene line approximately 1 1/2 miles north to the Anadarado - Teas Yates Unit in section 14 where it is measured for sale by Phillips 66, the gas purchaser of the South Teas federal lease. There are no off-lease storage facilities and no gas is lost between meters.

The decision for off-lease measurement was made based on economics. It cost Woodbine far less to run a low pressure line to Phillips' existing line, than the purchase would have charged for running their line to the lease.

To further support our request, we have enclosed the following,

- Map showing the lease and wells connected to the off lease measurement facility.
- Daily production report for the month of February.

If you have any questions concerning this request, please do not hesitate to call. Thank you for your consideration.

Sincerely,

*Ben Nivens*
