REPAIRING WELL ☐
ALTERING CASING ☐
ABANDONMENT* ☐

(NOTE: Report results of multiple completion on Well
Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including
estimated date of starting any proposed work. If well is directionally drilled give subsurface locations and measured
and true vertical depths for all markers and zones pertinent to this work.)*

Due to severe hole conditions, waterflow, lost fish in the hole and problems associated with
whipstocking, the North Lea Federal #1 will be plugged and abandoned. The well will be moved 141' South
and 20' West of its original location. The new location will be located 1339' FSL and 680' FEL, Sec.
10-T20S-R34E. Approval for abandonment and moving the location was obtained from Armando Lopez of the
Roswell Bureau of Land Management office and approval for changes in the surface plan was obtained from
Mark Hollis of the Carlsbad BLM office.

The new well will be called the North Lea Federal #1-Y, an amended drilling permit and plat will be
filed showing changes in the casing design and surface location. Drilling operations will resume as soon
as the weather permits moving of the rig.

I hereby certify that the foregoing is true and correct
