Presently, we are continuing out Zone I production tests to determine Zone I potential in our Northern Leaseline Area. Plans are being made to drill a replacement well for SHU #216 probably in June 1987. After completion and production is stabilized of said replacement well, #216 will be converted to the water injection well as previously stated.

I, I hereby certify that the information above is true and complete to the best of my knowledge and belief.
