Section 32, T20S, R33E

Gentlemen:

Your application for permit to drill the above-referenced well has been received. This is to advise that approval of permit will be withheld until your unorthodox location has been approved and waivers from the potash lessees have been received.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, Dist. I

P.S. we have requested Vic Lyon in our Santa Fe office to give us an OK on the proposed casing program since it does not agree with the general casing design for potash area wells.

*OK- per vic since this loc was not in old Potash area*
