RE: Reclassification of Well
J.W. Smith #7
Unit H, Sec. 34, T19, R36
Eumont Yates SR-QN Pool

Gentlemen:

Due to the recently submitted scheduled Gas-Oil Ratio Test the above-referenced well will be reclassified from gas to oil effective July 1, 1993, and the gas allowable cancelled on that date.

If for some reason you feel this test does not reflect the proper classification of this well, please submit another test for our consideration by May 10, 1993.

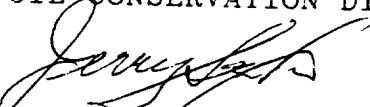

If the well is to be reclassified from gas to oil you will need to file the following:

1. ☒ Revised Form C-102, acreage dedication plat, outlining 40 acres for this oil well completion.
2. ☒ C-104 showing reclassification from gas to oil effective July 1, 1993 and changing the transporter to oil & casinghead gas.

If you have questions concerning the above, please contact Evelyn or Donna at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I

*Reclassify to oil eff. 7-1-93
