Re: Fina State Well No. 1
Lea County, New Mexico

Gentlemen:

This letter is delivered in conjunction with our completion report filed on the referenced well. The well was shut-in for 72 hours in order to run a 4 point test, however it loaded up with water and died during the shut-in period. Therefore, it is respectfully requested that this completion be approved based on the one point test run during completion of the well as shown on the completion report. Thank you.

Sincerely,

XERIC OIL & GAS COMPANY
